Delegation of Authority and Signing Policy

Document code: FIN-POL-003 · Version 1 · Effective date: 2024-10-01 · Owner: CFO Office · Classification: Confidential

Purpose

This policy (FIN-POL-003) sets who may sign contracts and approve payments on behalf of Nimbus Logistics. It is confidential because it identifies the people and thresholds that control payments, which fraudsters could target.

Contract Signing Limits

Role	Maximum total contract value	Notes
Department head	$50,000	Within approved budget only
Vice President	$250,000	Within approved budget only
CFO	$2,000,000	Any budgeted or unbudgeted contract
CEO	$10,000,000	Above this needs Board approval
COO	$2,000,000	Operations and carrier contracts only

Contracts longer than 3 years, or with automatic renewal, must also be reviewed by Legal before signing, whatever their value.

Payments and Wire Transfers

- Every payment run is approved by two people from the approved signer list.
- Wire transfers above $250,000 require approval from both the CFO and the Treasurer.
- Urgent payment requests received by email or phone must be confirmed by calling the requester on a number from the employee directory, never a number given in the request.

Bank Account Changes

Changes to supplier bank details are a common fraud target. Any change must be verified by calling the supplier on the phone number held in the supplier master file, and approved by two members of the Accounts Payable team. New bank details cannot be used for 5 business days after the change.

Delegation During Absence

Signing authority may be delegated to another person at the same or higher level for up to 30 days, in writing, with a copy to the CFO Office. Authority may never be delegated to a contractor.

Breaches

Signing a contract or approving a payment beyond your authority is a serious breach and may lead to dismissal. Suspected payment fraud must be reported immediately to the Finance Controller and IT Security.
